Scalable Packaging Solutions

At PCI, ensuring life-changing medicines reach those who need it most is our highest priority. As a truly integrated global CDMO, we are manufacturing, packaging and supply chain experts, harnessing our experience and expertise to deliver you a seamless solution with the ultimate aim of improving the lives of patients.

With true customer focus and flexibility at the core of our pharmaceutical packaging service offering, we are able to adapt to the unique requirements of each global market from concept to commercialization.

Our solutions include brand and generic ethical pharmaceuticals, biotech medicines, over-the-counter pharmaceuticals, consumer healthcare products, specialized requirements for injectable medical devices, and specialty pharmaceutical products such as hormonal, cytotoxins, high potent compounds SafeBridge rated II-IV, controlled substances, allergens, and sensitizers.
